TEXTBOOKS

The Bible is a required textbook in every course at Calvary University. To facilitate academic level study, students are required to use for assignments and research an English translation or version of the Bible based on formal equivalence (*meaning that the translation is generally word for word from the original languages*), including any of the following: New American Standard (NASB), English Standard Version (ESV), New King James Version (NKJV), or King James Version (KJV). Other translations and versions based on dynamic equivalence (*paraphrases and thought for thought translations like NLT and NIV*) may be used as supplemental sources. Please ask the professor if you have questions about a particular translation or version.
