Description:

Dressing the Man is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims.

Alan Flusser's name is synonymous with taste and style. With his new book, he combines his encyclopedic knowledge of men's clothes with his signature wit and elegance to address the fundamental paradox of modern men's fashion: Why, after men today have spent more money on clothes than in any other period of history, are there fewer well-dressed men than at any time ever before?

According to Flusser, dressing well is not all that difficult, the real challenge lies in being able to acquire the right personalized instruction. Dressing well pivots on two pillars -- proportion and color. Flusser believes that "Permanent Fashionability," both his promise and goal for the reader, starts by being accountable to a personal set of physical trademarks and not to any kind of random, seasonally served-up collection of fashion flashes.

Unlike fashion, which is obliged to change each season, the face's shape, the neck's height, the shoulder's width, the arm's length, the torso's structure, and the foot's size remain fairly constant over time. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home.

Taking the reader through each major clothing classification step-by-step, this user-friendly guide helps you apply your own specifics to a series of dressing options, from business casual and formalwear to pattern-on-pattern coordination, or how to choose the most flattering clothing silhouette for your body type and shirt collar for your face.

A man's physical traits represent his individual road map, and the quickest route toward forging an enduring style of dress is through exposure to the legendary practitioners of this rare masculine art. Flusser has assembled the largest and most diverse collection of stylishly mantled men ever found in one book. Many never-before-seen vintage photographs from the era of Cary Grant, Tyrone Power, and Fred Astaire are employed to help illustrate the range and diversity of authentic men's fashion. *Dressing the Man's* sheer magnitude of options will enable the reader to expand both the grammar and verbiage of his permanent-fashion vocabulary.

For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will deliver them earlier rather than later in life.

The Complete Guide to Mastering the Ancient Art of Palmistry. Mastering Palmistry Full description. The art of the approach.pdf. help illustrate the range and diversity of authentic men's fashion. Dressing the Man's sheer magnitude of options will enable the reader to expand both the grammar and vocabulary of this permanent fashion vocabulary. For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will divert them there earlier rather than later in life. Ever before? The time has "never been more propitious for the emergence of a standing army of well-heeled swells," he believes, and in *Dressing the Man: Mastering the Art of Permanent Fashion*, he takes readers on a tour of men's clothing that he attests will never go out of style. Flusser carefully explains how to mix patterns, what to look for when trying on clothes in the fitting room, what kind of jacket to wear with a straight-point collar, the history of the monk-strap shoe, the correct position for a bow tie and what "business casual" really means. Heavily illustrated with photographs of dapper dandies from Humphrey Bogart to the Duke of Windsor and drawings depicting neckwear, suit jackets, coat sleeves and trouser creases, this is a superb reference for any man. *Dressing the Man* is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims. Alan Flusser's name is synonymous with taste and style. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home.
