UNIVERSITY BUILDING
CHEPAUK, CHENNAI – 600 005   *CONTOLLER OF EXAMINATIONS*

These courses typically last from 6 months to one year. The Foundation Programme completion certificates are accepted by the same university, as well as by colleges or partner universities. Applicants can apply for the preparatory programme from September to November (depending on a particular institute of higher education). Â The Foundation Programme is distinguished by its duration: most often it lasts from six months to one year. A student usually determines the length of studying and the intensity of classes by him/herself. Â The Foundation course in Ireland, like in most other countries, includes three components: learning English for academic purposes, training in core subjects and studying skills development. The programme duration does not usually exceed 36 weeks. Completing a foundation year will enable you to progress onto the first year of your chosen degree course, provided the relevant progression criteria are met. Successful completion of the course allows you to progress onto any of the courses offered by the Department of Computer Science. Our foundation course is taught in-house by University staff. Foundation Year/Course - corso propedeutico. Based on the principles established by Art. 6, comma 1 of Ministerial Decree 270/2004 for the university sector and by Art. 7, comma 2 of Presidential Decree 212/2005 for the AFAM sector, higher education institutions can organise foundation educational activities for access to Laurea study courses, proposing foundation courses (corsi propedeutici), even for less than one year, to bolster the requisites for admission requested for enrolment in Italian higher education courses. In english language. Â To be admitted at the â€œFoundation Courseâ€, students must have the secondary school diploma and a certified knowledge of English at least at B1 level. No entrance knowledge of the Italian language is assumed. A foundation year can give you a taste of university life and help you decide whether you want to do a full degree course, as well as being an entry point to higher education for mature students. Â On this page. What is a foundation year? Who should take a foundation year? What are the entry requirements? Why you should consider a foundation year. Author. Dr Jenny Cann, Associate dean (quality) and foundation year lead. Posted. March, 2019. On this page. What is a foundation year? Who should take a foundation year? What are the entry requirements?
