Criminal Law Defined and Explained with Examples. Criminal Law: the laws, statutes, and rules that define acts as crimes, and establishes punishments for each. Criminal law procedure refers to the process of charging, prosecuting, and assigning punishment for criminal offenses. The actual procedures for dealing with criminal matters vary by jurisdiction, and written procedures exist for local, state, and federal jurisdictions, all of which generally begin with formal criminal charges, and end with the acquittal or conviction, and sentencing if appropriate, of a defendant. In all U.S. jurisdictions, criminal law procedure places the burden of proof squarely on the prosecution, requiring the prosecution to prove, beyond a reasonable doubt, that the def For courses in criminal law and criminal procedure (as well as supplementary readings in constitutional law) in the paralegal and more general criminal justice programs. Criminal procedure is the body of state and federal constitutional provisions, statutes, court rules, and other laws governing the administration of justice in criminal cases. The term encompasses procedures that the government must follow during the entire course of a criminal case, ranging from the initial investigation of an individual suspected of criminal activity, through arrest, arraignment, plea negotiations, pre-trial hearings, trial, post-trial motions, pre-sentence interviews, sentencing, appeals, and probation and parole proceedings. The rules of criminal procedure may also apply after a defendant has been unconditionally released following an acquittal. In conclusion, crime and criminal law stands out as a wide area of study. There exists different types of crimes and every country has set up its own rules and punishments against different crimes committed in its territories. It is of a paramount importance that citizens understand nitty-gritty of these in order to stand a better chance when these crimes are committed against them. Basic criminal law: The constitution, procedure, and crimes. Upper Saddle River: Pearson. Donald, A. (1996). Criminal law is the body of law that provides a set of legal rules defined by the state to regulate the conduct of persons, public and private entities to ensure public welfare and safety. This encompasses of rules and regulations proscribing certain wrongful acts that might be a threat or harm to the life, property, health, safety and moral well-being of the state and its people. The law which defines the crimes and the punishments are commonly known as the substantive law, since the laws which hold the Criminal Procedure falls under the category of procedural law. The criminal procedure code and the penal code of a country generally hold the all the provisions related to the criminal law of the state. Reference
