Ryde Gardens Continue to Grow...

Garden Party

On June 23 an enthusiastic group of gardeners descended on the Community Centre property armed with shovels, rakes, hoes, a wheelbarrow, plants, and ideas. A semi-circular garden was formed in front of the flagpole and planted with donated flowers, many of them favourites of Muriel Fitchett for whom the garden was to be

named. Efforts then turned to the garden on the front wall of the school. It was reorganized and rejuvenated with many new plants. Upon completion the gardeners were treated to a luncheon of filled croissants and delectable squares. We would like to thank the many workers and those who prepared and brought food for the lunch. It was a very satisfying community work effort. Our thanks to the Town of Gravenhurst Communities in Bloom

Fund for providing 25 bags of triple mix for the project.

Muriel Fitchett Memorial Garden

On Saturday July 2, a year and a day after her untimely death, community members gathered at Ryde Community Centre to dedicate a garden in memory of Muriel Fitchett who had worked on the firehall garden with us last year. A brief service recalling Muriel's impact on her family, friends, and the community was very well attended. Cliff Fitchett placed a brass plaque on a white quartz stone from the Fitchett property in the centre of the garden. Refreshments were served while neighbours and friends chatted socially and renewed acquaintances.

Canoe & Kayak Workshop

A very successful event was held on Saturday July 9th from 9 am to 2 pm. Jim MacFarlane was an amazing and patient teacher. Participants had the opportunity to try a variety of different kayaks and use them on the water vs. just seeing them in the store. We would like to acknowledge the generous support of **Swift Canoe & Kayak, Town of Gravenhurst** and, of course, **Jim MacFarlane**. It was great to see so many community members out to participate including some new community

members, and some of our seasonal residents. If there is sufficient interest, we may be able to repeat this workshop in August or early September. Please contact **Chris Holden at 687-5085** if you are interested.❖
