Description:

Brief yet thorough and affordably priced, *The Ethical Life: Fundamental Readings in Ethics and Moral Problems*, Third Edition, is ideal for courses in introductory ethics and contemporary moral problems. Featuring forty readings divided into four parts--The Good Life, Normative Ethics, Metaethics, and Moral Problems--it introduces students to ethical theory and a wide range of moral issues. The essays include selections from such historically influential philosophers as Aristotle, Hume, Kant, and Mill alongside work by contemporary philosophers like Philippa Foot, Robert Nozick, Peter Singer, and

Judith Jarvis Thomson. Detailed reading introductions provide helpful contextual information. The text is supplemented by an online Instructor's Manual and Computerized Test Bank and a Companion Website with student self-quizzes and additional resources.

Designed as a companion reader to Russ Shafer-Landau's textbook, *The Fundamentals of Ethics*, Third Edition, this volume is also comprehensive enough to be used on its own.

Why I am an objectivist about ethics (and why you are, too) / David Enoch -- Part IV: Moral problems. 19. Why shouldn't Tommy and Jim have sex? A defense of homosexuality / John Corvino -- Poverty and hunger. It has a balanced selection of classical and contemporary readings in normative ethics, metaethics, and ethical issues. Each selection is of manageable length to cover in a single class period. Shafer-Landau includes interesting, unusual selections (licensing parents, gay sex) as well as classic pieces (Aristotle, Mill, Kant, and Thomson, for instance). Whilst there has been considerable debate about the fit between moral theory and moral reasoning in everyday life, the way in which moral problems are defined has rarely been questioned. This paper presents a qualitative analysis of interviews conducted with 15 general practitioners (GPs) in South Australia to argue that the way in which the bioethics literature defines an ethical dilemma captures only some of the range of lay views about the nature of ethical problems. Each interview was coded for the ethical problems mentioned, for problems the GPs described in detail and for discussion of why the problem was an ethical problem. The analysis used the categories that participants themselves suggested 11 – 13 and also drew on explanatory concepts from the literature. It explores normative ethics, meta-ethics, and what constitutes a good life. There are numerous readings including some from the most formative philosophers: Aristotle, Aquinas, Mills, Hume and Kant. It also has a large section examining various topics that are debated today such as abortion, c This was a textbook used in an ethics class my daughter took this semester. This is a nice companion to Shafer-Landau's Fundamentals Of Ethics book. The Ethical Life contains short writings from theorists such as Epicurus, Mill, Plato, Kant, Hobbes, Rand and others. The last section covers modern day "moral problems" including abortion, homosexuality, euthanasia, animal rights and the environment, along with drugs and terrorism. Featuring forty-two readings divided into four parts--The Good Life, Normative Ethics, Metaethics, and Moral Problems--it introduces students to ethical theory and a wide range of moral issues. The essays include selections from such historically influential philosophers as Aristotle, Hume, Kant, and Mill alongside work by contemporary philosophers like Philippa Foot, Robert Nozick, Peter Singer, and Judith Jarvis Thomson. Detailed reading introductions provide helpful contextual information. Designed as a companion reader to Russ Shafer-Landau's textbook, The Fundamentals of Ethics, Fourth

Keywords: political ethics, moral conflict, moral choice in politics, compromise, lies in politics, moral motivation of politicians, the responsibility of politicians, political suicide. In this paper, we investigate the problem of ethical choice of politician both as a person and as an actor of social relationships. First, we will address the subject of relation between politics and morality. Political ethics should take into account the specifics of the political life that is the continuous presence of conflicts and the necessity for politicians to make tough choices. The political ethics is a part of applied ethics that analyzes the specifics of the manifestation of morality in political life and determines the limits of what is permissible in political activity. Title: 'The ethical life: fundamental readings in ethics and moral problems' Russ Shafer-Landau. The University of Wisconsin at Madison. Description: 1st edition. New York: Oxford University Press. Changes to the Fourth Edition This edition of The Ethical Life contains a dozen new selections and two new sections. Part I now offers Brad Hooker's assessment of different theories of well-being and Susan Wolf's popular paper discussing the relationship between happiness and meaning in life. Part II now offers selections from two classics: Thomas Aquinas's presentation of natural law theory and John Stuart Mill's exposition of utilitarian ethics. Ethics according to Wikipedia is "Ethics or moral philosophy is a branch of philosophy that involves systematizing, defending, and recommending concepts of right and wrong conduct." The key words in the definition are right and wrong. Whenever we need to distinguish right from wrong we need a reference point and typically in the secular world it means the law. This is because they know that even if a person has good knowledge but bad in ethics he will not be able to learn because he has the habit of not obeying orders. But a person of good ethics but bad knowledge will be able to learn new things that are required in the job irrespective of his past knowledge. The Moral Life: An Introductory Reader in Ethics and Literature. Louis P. Pojman & Lewis Vaughn (eds.) - 2007 - Oxford University Press. The Ethical Life: Fundame Add to Cart. Buy Now.Â Shafer-Landau does a very good job of summarizing the content of the individual readings. It covers a good mix of theoretical and applied topics, and provides a good mix of classic readings and newer readings, and that the price is right." Daniel Star, Associate Professor of Philosophy at Boston University. The text is an excellent source of primary materials for an ethics course. The study questions require students to engage in more than a cursory reading or skimming of the text, forcing them to seriously weigh the content of the chapters they read. The Ethical Life gathers together readings from nearly forty authors on the main subjects that are covered here. There are many entries on the good life, on the central ethical theories, and on the status of morality.Â It explains the nature of ethics and its various subfields. It discusses some important starting points of moral thinking. It also takes you through the elements of moral reasoning, which will come in handy as you make your way through this book.Â Ethics-also known as moral philosophy-is the branch of knowledge concerned with answering such questions. The field of ethics is vast, and-bad news first-there is no chance of covering all of its interesting and important issues within these pages. In selecting the topics for treatment, I have chosen those that seem to me most central. Moral problems. Responsibility: Russ Shafer-Landau, The University of Wisconsin at Madison.Â Paired with The Fundamentals of Ethics, this is perfectly suited for an introductory undergraduate course in ethics."--Aleksander Pjevalica, University of Texas at El Paso"Shafer-Landau's writing is exceptional. The introductions tend to be spot-on. The book's affordable pricing (especially as part of the package with The Fundamentals of Ethics) and small size are added bonuses."--Robert M. Farley, Hillsborough Community College"I think that this book is great: I like that it is shorter than the huge 700+-page books out there, and way less expensive too.
