

"We're All in This Together" is one of the hit singles from High School Musical and the finale number of the movie and the 9th song on the movie soundtrack. The song is sung in the movie by the High School Musical cast, with Troy (Drew Seeley), Gabriella (Vanessa Hudgens), Chad Danforth (Corbin Bleu), Taylor McKessie (Monique Coleman), Sharpay (Ashley Tisdale), and Ryan (Lucas Grabeel) all singing solos. It is the finale and the signature song to High School Musical. We're All In This Together, a common expression of solidarity, may refer to: We're All In This Together, a 2017 album by Walter Trout. "We're All in This Together", a song and dance routine from the soundtrack to the 2006 American television film High School Musical. "We're All in This Together", a Ben Lee song from the album Awake Is the New Sleep. "We're All in This Together, a song by Old Crow Medicine Show from their self titled album. Together, together, together everyone Together, together, come on let's have some fun Together, we're there for each other every time Together, together, c'mon let's do this right Here and now It's time for celebration I finally figured out That all our dreams Have no limitations That's what it's all about Everyone is special In their own. way We make each other strong We're not the same We're different in a good way Together's where we belong We're all in this together Once we know That we are We're all stars And we see that We're all in this together And it shows When we stand Hand in hand Make our dreams come true. Saying that basically means that we are going to fight the coronavirus together which makes no sense, since the only people actually "fighting" the virus is doctors and nurses. The whole point in people saying this is to get people to stop freaking out over it, because although the coronavirus is more contagious and deadlier than the normal flu, very few people actually die from the virus. (side note: although it is a nuisance to most people, to some, they have things to worry about. In the big picture, coronavirus does affect the economy.) "We're all in this together" says Tom.
