

A Fuller Bibliography for *Homosexuality and the Bible: Two Views*

Robert A. J. Gagnon

The "Select Bibliography" in Homosexuality and the Bible: Two Views (co-authored with Dan O. Via) does not contain many of the entries that I submitted to Fortress for inclusion. This bibliography will be periodically updated. Not appearing here are materials cited in Via's essay or in my online notes that are only tangentially related to the issue of the Bible and homosexual practice.

Homosexuality and the Bible book. Read 20 reviews from the world's largest community for readers. Few recent issues have sparked such debate in the church... He believes that rules (Biblical injunctions in this case) can be overridden if you Homosexuality and the Bible: Two Views is a debate between Dan Via and Robert Gagnon, both New Testament professors. Via takes the view that the church should affirm gay marriage, Gagnon affirms the traditional view of homosexual sex as sinful. Outline of Bible-related topics Bible portal . v. t. e. There are a number of passages in the Hebrew Bible and the New Testament that have been interpreted as involving same-sex sexual acts and desires. These interpretations form the basis of Jewish and Christian attitudes towards homosexuality. Chapters 18 and 20 of Leviticus form part of the Holiness code and list prohibited forms of intercourse, including the following verses: Two Views on Homosexuality is Zondervan's new entry in its Counterpoints series. William Loader and Megan DeFarnza present an affirming perspective and Stephen Holmes and Wesley Hill represent traditional (non-affirming) views. Two Views is a peculiar book. The four authors actually represent at least three different views: (1) the Old and New Testament texts uniformly oppose homosexuality, but that does not count today as we now understand that this is an orientation (Loader); (2) all the Biblical texts are speaking about something else, not homosexuality (DeFranza); and (3) Augustinian Christianity has been opposed to homosexual practice, and yet there are people with this orientation who should remain celibate (Hill) and/or accepted in community (Holmes).
